8 SYNOPSIS: Under existing law, if a person is convicted
9 of boating under the influence, the person's
10 boating license is suspended, and if a person is
11 convicted of operating a motor vehicle under the
12 influence, the person's driver's license is
13 suspended.

14 This bill would provide that if a person is
15 convicted of boating under the influence, the
16 person's boating license and driver's license will
17 be suspended, and that if a person is convicted of
18 operating a motor vehicle under the influence, the
19 person's driving license and boating license or
20 boater safety certification is suspended.

21 Existing law provides for the operation of
22 personal watercraft on the waters of this state and
23 provides criminal penalties for a violation.

24 This bill would provide criminal penalties
25 for a person who operates a vessel or personal
26 watercraft at greater than idle speed under certain
27 conditions.

1 Under existing law, a nonresident whose home
2 state or country does not require boater safety
3 certification or the licensing of vessel operators
4 may operate a vessel on the waters of this state
5 without a boater safety certification for a period
6 of not more than 45 days in any calendar year.

7 This bill would require all nonresidents to
8 procure a boater safety certification in their home
9 state or country or procure a Nonresident Alabama
10 Boater Safety Certification prior to operating a
11 vessel on the waters of this state.

12 Also under certain existing law, vessels
13 less than 24 feet are required to have an emergency
14 engine or motor shut-off switch.

15 This bill would apply the emergency engine
16 or motor shut-off switch requirement to those
17 certain vessels that are less than 26 feet.

18 This bill would also make nonsubstantive,
19 technical revisions to update the existing code
20 language to current style.

21 Amendment 621 of the Constitution of Alabama
22 of 1901, now appearing as Section 111.05 of the
23 Official Recompilation of the Constitution of
24 Alabama of 1901, as amended, prohibits a general
25 law whose purpose or effect would be to require a
26 new or increased expenditure of local funds from
27 becoming effective with regard to a local

1 governmental entity without enactment by a 2/3 vote
2 unless: it comes within one of a number of
3 specified exceptions; it is approved by the
4 affected entity; or the Legislature appropriates
5 funds, or provides a local source of revenue, to
6 the entity for the purpose.

7 The purpose or effect of this bill would be
8 to require a new or increased expenditure of local
9 funds within the meaning of the amendment. However,
10 the bill does not require approval of a local
11 governmental entity or enactment by a 2/3 vote to
12 become effective because it comes within one of the
13 specified exceptions contained in the amendment.

14

21 Alabama 1975, to provide that if a person is convicted of
22 boating under the influence, the person's boating license and
23 driver's license will be suspended; to provide that if a
24 person is convicted of operating a motor vehicle under the
25 influence, the person's driver's license and boating license
26 or boater safety certification is suspended; to provide for
27 the operation of a vessel on the waters of this state; to

1 require a person to operate a vessel at idle speeds under
2 certain conditions; to provide boater safety certification
3 requirements; to apply the emergency engine or motor shut-off
4 switch requirement to certain vessels; to make nonsubstantive,
5 technical revisions to update the existing code language to
6 current style; and in connection therewith would have as its
7 purpose or effect the requirement of a new or increased
8 expenditure of local funds within the meaning of Amendment 621
